PUBLIC SCHOOL BUILDING BOND ACT
HB 866/SB 542

Richard Bostic
NC School Boards Association

April 16, 2018
WHAT IS THE PROBLEM?

- In April 2016, the DPI School Facility Needs Survey identified $8.1 billion in school capital needs across the state over the next 5 years.

- Facility Needs by Economic Tier (Tier 1 most economically distressed):
  - 40 Tier 1 counties = $1.2 billion
  - 40 Tier 2 counties = $3.05 billion
  - 20 Tier 3 counties = $3.8 billion
2018 County Tier Designations
MGT of America Consulting, LLC selected 9 county LEAs for comprehensive facility evaluations per a 2016 legislatively mandated study (S.L. 2016-94)

These LEAs **under-reported** their school facility needs:
- MGT estimated $630.2 million in school facility needs in the 9 LEAs.
- In the 2016 DPI Facility Needs Survey, these 9 LEAs reported only $287.8 million in school capital needs.
K-3 CLASS SIZE REQUIREMENTS

- In response to a 2017 NCSBA Survey, 89 LEAs reported a need for 959 additional classrooms because of K-3 class size legislation.

- While not participating in the survey, the press reported Wake needs 559 classrooms, Mecklenburg needs 200 classroom trailers, and Durham needs 63 classrooms due to K-3 class size changes.
MGT Study finding:

“Given the current available allocation processes, the funds available from the state, county, and local level are limited. Considering these limiting factors, it is unlikely that there will be an adequate capital funding stream to support the demand districts have to provide 21st Century schools to every student in North Carolina.”
LOCAL BOND EFFORTS

- 40 county bond issues approved $7 billion since 2005

- Counties considering school bond issues in 2018:
  - Alamance
  - Gaston
  - Moore
  - Transylvania
  - Wake
The General Assembly needs to develop methods to assist school districts in handling this staggering backlog in order to better serve students. NCSBA believes the best way to help districts is through a two-pronged approach:

1. One-time infusion of dollars - statewide bond.

2. Dedicated funding streams – lottery and sales tax
## PREVIOUS STATEWIDE BOND ISSUES

Note: No bond in the 1980’s, but local sales taxes (Articles 40 and 42) approved to aid education capital needs.
House Bill 866 – Reps. Linda Johnson, Craig Horn, Kevin Corbin, Becky Carney
  - Passed House K-12 Education Committee
  - Currently in House Finance

Senate Bill 542 – Senators Jerry Tillman, Valerie Foushee, Rick Gunn

Both bills put the Public School Building Bond before voters in November 2018
• Bond uses:

  • **Construct** new or renovate existing public school buildings
  • **Build** technology infrastructure
  • **Purchase** equipment for school building that has never been used for public education purpose
  • **Purchase** land for school construction
NC SCHOOL BOND – HB 866/SB542

· Bond prohibitions

· Bond funds cannot be used for:
  · Facilities for central administration
  · Trailers
  · Relocatable classrooms
  · Mobile classrooms
$1.9 billion statewide bond issue for school capital needs.

- 40% to LEAs based on ADM.
- 30% to LEAs based on low-wealth funding status.
- 15% to growing LEAs.
- 15% to small county systems.
- Local matched required on ADM and ADM Growth funds.
Learn How Much Money Your School System Would Potentially Receive from the NC School Bond Act

Bond Proceeds By County

Note: The county total includes all LEAs within the county. Figures based on Public School Building Bond Act (House Bill 866, 2nd edition)
Potential amendments

- $9.4 million minimum allocation – 26 counties

- Local match based on economic tiers
  - Tier 1 = $1 local/$3 state
  - Tier 2 = $1 local/$2 state
  - Tier 3 = $1 local/$1 state

- Unused funds reallocated by ADM

- K-3 class size and school safety projects receive priority for disbursement of funds

The NC School Bond - HB 866/SB 542

North Carolina's Public Schools need $8.1 Billion for new schools, repairs, and renovations. The NC School Bond (HB 866/SB 542) would invest $1.9 BILLION to begin addressing these critical needs.
Unmet school construction needs in the state are grappling with a $3.1 billion backlog. Please ask legislators to pass the Public School Building Bond referendum on the ballot in 2018. If approved, the bond legislation will provide $1.9 billion for school construction needs. Please ask legislators to pass the Public School Building Bond referendum on the ballot in 2018. If approved, the bond legislation will provide $1.9 billion for school construction needs.

WHY A BOND, AND WHY NOW?

Show Your Support for the NC School Bond!

We can no longer tolerate children being taught in overcrowded classrooms, deteriorating buildings and mobile units. We support a statewide school construction bond in North Carolina to begin addressing the backlog of school construction needs.

We urge lawmakers to allow the public to vote on a school bond by passing HB 866!

We Need You!
SOCIAL MEDIA

- Sign up on the School Bond Facebook and Twitter accounts – invite others to do the same

- Publish links in your publications and websites to the school bond website, Twitter, and Facebook accounts
RESOLUTIONS

• Partner with your county commissioners to:

  • Write a joint resolution asking the General Assembly (GA) to approve HB 866 and SB 542

  • Request local chambers of commerce, local economic development groups, and civic/professional groups to write resolutions seeking GA approval of school bond bills

  • Encourage the PTA and other education-related groups to write resolutions to the GA in support of the school bond bills
PRESENTATIONS

• Partner with your county commissioners to make school bond presentations to:
  • Local Chambers of commerce/ economic development groups
  • Community groups – Lions Club, Jaycees
  • PTA and education advocacy groups
TRADITIONAL MEDIA

- Write Op-ed letter for your local newspaper
- Schedule meeting with local newspaper editorial board to discuss the statewide bond and local school facility needs
- Work with your Public Information Officer (or staff person assigned to media relations) to create media events focusing on your school facility needs
- Seek appearances on local TV and radio news shows to discuss how the statewide school bond will help address local facility needs
• Invite your legislative delegation to tour your older or over-crowded schools
  • If a legislator can’t make the designated tour date, try to find an alternate date for an individual tour
  • Schedule tour on Mondays and Fridays during session

• Involve your local district Superintendent in the bond effort!

Webinar slides
• **No tax increase** required to repay bond debt

• For every $1 billion invested in nonresidential construction, 28,600 jobs created or sustained (Associated General Contractors of America):

  • 9,700 direct jobs in construction.
  • 4,600 indirect jobs supplying construction materials and services.
  • 14,300 jobs created as a result of the wages and profits spent by the construction and supply companies and their employees.
Education Lottery

- NC Education Lottery established in 2006 with promise that 40% of proceeds would go to school construction needs.

- Portion of lottery proceeds going to the Public School Building Capital Fund was 16.9% in FY 2016-17 ($100 million).

- 72.5% of the $500 million in lottery capital funds spent by counties since 2013 used for debt service.
